## NEW ACCESS PROPOSAL

### Haggerston Rd to Arbutus St

View taken from outside All Saints Church

More than just a route to work....

A public access point connecting Arbutus St and Haggerston Rd providing a physical and visual link direct to and from All Saints Church.

The route consists of the following:

Ambient uplighting beneath trees

Different small to medium tree varieties with contrasting bark, foliage and seasonal characteristics

Sections of a meandering stone wall that defines pocket spaces, provides informal seating, and controls the speed of cyclists passing through

Low level planting

Interesting ground details and markings

Feature lighting columns

24hr access
