A better way to achieve your financial goals

If you save with us or borrow from us, not only will you benefit from some of the best rates on the market, you'll also share in any profits we make.

LCCU is a financial cooperative which means members pool their savings and lend to each other. Instead of profits going to outside shareholders, they are returned to you through lower interest rates on loans, dividend payments on your savings*, free life savings and loan protection insurance coverage, reduced fees and a friendly and personalised service.

The Credit Union is not owned by anonymous shareholders or other financial institutions, we are owned by our members, people like you, and we work solely on their behalf. This means your investment stays right here in your local community.

Join today and take advantage of the many benefits designed for you to enjoy life.
