Re: Consultation results on the proposed design of parking controls

Dear resident,

Between May and July 2010, Parking Services consulted all residents in Belsham Street, Chatham Place, Mead Place and the western section of Retreat Place about the proposed design of new parking controls that would be introduced, by extending Controlled Parking Zone (CPZ) D (Central).

We would firstly like to thank all those people who returned their questionnaire, attended our public drop in session, or contacted the Council throughout the public consultation. Your feedback has played a vital part in the changes that are about to be made.

This letter provides a summary of the consultation results and the Council's final recommendation for the design of the new parking restrictions in your road. It also explains what you will need to do to park under the new arrangements and when the changes are likely to take place.

If you have any further enquiries regarding the consultation please contact Parking Services on 020 8356 8877 or email: consultparking@hackney.gov.uk.

Yours faithfully,

Seamus Adams

Head of Parking Services / Markets
London Borough of Hackney

Steve Douglas

Corporate Director, Neighbourhoods and Regeneration

Consultation results: Final Design

Overall, the majority of people who returned their questionnaire or provided feedback during the consultation supported the proposed design of parking controls.

As a result of this support, we will be installing the parking controls as shown on the enclosed map.

What happens next?

Traffic Management Orders (TMOs)

Before we incorporate the roads into the CPZ, we are required to advertise the Traffic Management Orders (TMOs) in the Hackney Today newspaper. This will ensure that the parking restrictions on your street can be legally enforced. The 'proposed' TMO notice was advertised on the **23rd August 2010**. This provided a statutory 21 day period for people to have their say on the changes. We will then advertise the 'made' notice on the **20 September 2010** which informs the public that we are going ahead with the changes.

Lining works

In early **September 2010**, we will start installing the parking bays and yellow lines in your street as well as the posts and parking bay signage.

When lining works are being carried out, Parking Services are required to put in place road closures to allow works to take place. We will place warning notices on the street to provide lining dates and ensure that vehicles are not parked at these locations when works are being carried out.

Parking enforcement

We plan to begin enforcement of the parking restrictions in your street on: **18th October 2010**. From this date, all motorists will need to display a Zone D parking permit, visitor voucher or pay and display ticket during the operational hours of the CPZ.

Applying for parking permits

If you live or work in the affected streets you will soon need a parking permit to park in your street during the operational hours of the CPZ: **Monday to Saturday 8:30am – 11pm**. Outside these hours you do not need to display a permit; however some other restrictions such as double yellow lines and disabled parking bays will be enforceable 24 hours.

From **20th September 2010** you may begin to purchase a Zone D permit.

We have enclosed one resident permit application form within this letter. If you require additional forms please call Parking Services on 020 8356 8877 to be sent a copy. Alternatively you can download a copy from our website: www.hackney.gov.uk/parking or you can visit the Parking Shop in person:

Address: 2 Hillman Street, London, E8 1FB (behind the Hackney Town Hall)

Opening hours: Monday to Friday 8:00am – 5:00pm

When making your application please remember to bring all supporting documents such as proof of identification, address and vehicle ownership. Further details can be found on the application form.

Please note that a Zone D parking permit will allow you to park in any street within any of the Zones D 'sub zones': (north, central and south).

How much does a permit cost?

Please see the current price of permits below:

Resident permit price list	12 months	6 months	3 months
Greenest Vehicles	Free	Free	Free
Greener Fuels & Smaller Engines (< 1200cc)	46.00	£26.00	£14.50
Normal Sizes (1200 - 2000cc)	92.00	£52.00	£29.00
Large Engine (2001 - 3000cc)	138.00	£78.00	£43.50
Very Large (3001 - 4000cc)	184.00	£104.00	£58.00
Extremely large (> 4001cc)	230.00	£130.00	£72.50

Visitor vouchers

Visitor vouchers can be purchased which will allow your visitors to park in any vacant 'resident', 'general permit' or 'shared use' (pay and display and permit) bay in the CPZ. You only need to use a visitor voucher during the operational hours of the zone.

Each voucher allows half a day's parking but two can be displayed together to park for a longer period. They are available in books of 10, which cost £9.30, and concessions are available.

Please be aware that you can only purchase and display a visitor voucher for your home sub-zone – D (central).

What if I use a motorcycle?

Motorcycles can be parked in a CPZ free of charge and in any bay, as long as the motorcycle is parked at a right angle to the kerb. You should use the dedicated motorcycle bays where possible rather than resident bays and always park at the end of the bay.

More information

For more information about the cost of permits and visitor vouchers please refer to our website www.hackney.gov.uk/parking or call Hackney Parking Services on **020 8356 8877**.
