

Controlled Parking Zone E (Stoke Newington)

Results of your Controlled Parking Zone Review

Zone E Summary Leaflet

Why have I received this summary booklet?

Between January and March 2011, Hackney Parking Services consulted local people in Controlled Parking Zone E (Stoke Newington) to see whether the parking controls in the area were meeting your needs.

The consultation was held as part of a commitment to review the borough's existing CPZs every five to seven years in line with the Council's Parking and Enforcement Plan (2010-15).

We are pleased to announce that the consultation feedback has been reviewed and the final design changes have been approved by the Council. We will soon be starting sign and lining works in the area to implement these changes.

This booklet provides a summary of the consultation results and what changes will be made to your CPZ. It also provides dates when works are likely to begin.

If you would like to view the full consultation results please download a copy of the 'delegated report' from our website: www.hackney.gov.uk/parking-hys, email: consultparking@hackney.gov.uk or call Parking Services on **020 8356 8877**.

We would like to thank those people who returned their questionnaire and provided feedback during the consultation.

CPZ Design Changes

During the review, consultation packs were delivered to all residents and businesses in the CPZ as everyone's opinion counts. During the public consultation we sought your views on:

- The hours parking controls apply in your Zone
- The design of the CPZ including the location and type of parking bays

CPZ operational hours

During the consultation we asked for your preferred days and hours of enforcement. As a result of the consultation and the level of feedback, the operational hours for Zone E will remain: Monday to Saturday 7am – 7pm.

Changes in bay allocation

We also asked for your views on several changes in parking bay allocation so that the design of parking controls better reflects the needs of local users.

Prior to the review we compared the number of permit holders in each street against the availability of parking bays. Based on this analysis we proposed several changes to the allocation of parking spaces where there was either over or under capacity of parking spaces.

Based on your support the following changes will soon be made:

Street	Change in parking bay allocation
Beatty Road	Change the shared use bay to the side of 135 Stoke Newington Road to pay and display only.
Belgrade Road	Change the shared use bay opposite No 98 to a resident permit bay.
Boleyn Road	Change the ambulance bay outside Ashley Court to a resident permit bay.
Cowper Road	Change the ambulance bay outside the surgery to a shared use bay (2 hour maximum stay).
Evering Road	Change the ambulance bay outside No 41 to a resident permit bay.
Farleigh Road	Change the resident bay west of and outside No 2-8 to a shared use bay (2 hours maximum stay).
Farleigh Road	Change the resident permit bay outside No 1a to a shared use bay (2 hours maximum stay).
Farleigh Road	Change the resident permit bay outside No 1c to a shared use bay (2 hours maximum stay).
Nevill Road	Change the shared use bay opposite Nos 17-21 to a resident permit bay.
Pellerin Road	Change the shared use bay outside Ashley Court to a permit bay.

Additional parking spaces

Where possible we try to install additional parking spaces where the road is wide and safe enough to do so. The following new parking bays will be installed:

Street	New parking bays
Boleyn Road	Install a resident permit bay between Ashley Court and No 1-2 Hayling Close, replacing the current double yellow line.
Brighton Road	Install a 6 metre resident permit bay on the south side of No 14-18 Nevill Road.

Road safety improvements

As part of the review we have examined the safety of your CPZ, including the location of parking bays and yellow lines and will soon be making several changes to improve visibility and access within the parking zone.

All road safety changes were made in close consultation with the Emergency Services and the Council's Road Safety Team. They also follow the Department for Transport's guidelines.

Street	Parking bay removal or reduction	Reason
Barrett's Grove	Remove the 3 metre shared use bay outside No 91 and replace with double yellow line.	The small bay is not compliant with Department for Transport regulations.
Bayston Road	Reduce the resident permit bay outside No 59 and 61.	To improve visibility at the junction.
Darville Road	Install a 7 metre section of double yellow line outside No 36-38.	To create a permanent passing gap.
Farleigh Road	Install a 7 metre section of double yellow line outside No 39 and 74.	To create a permanent passing gap.
Matthias Road	Reduce the pay and display bay outside No 2.	To improve visibility at the junction.
Nevill Road	Reduce the residents bay opposite No 29.	To improve visibility at the junction.
Princess May Road	Install a 7 metre section of double yellow line outside No 58-60.	To create a permanent passing gap.
Tyssen Road	Reduce the residents bay to the side of No 59 and 61 Bayston Road.	To improve visibility at the junction.

The London Borough of Hackney is committed to providing a safe environment for all road users. We are unable to consider further amendments to the agreed installation of double yellow lines where road safety may be compromised; however we will continue to review the design changes where necessary.

Pay and display review

As part of the review we have assessed the 'maximum' stay periods for the pay and display bays in your CPZ to improve visitor turnover in high demand areas, and provide extra long-stay parking in areas where there is less demand. Please ensure you check all necessary 'pay and display' or 'share use' signs before purchasing your ticket.

Key Dates

August 2011

We expect to begin sign and lining works in the area.

Please note that it may be necessary to suspend some parking bays in your street to allow the lining works to take place. Please check for any yellow suspension signs before parking to avoid receiving a Penalty Charge Notice (PCN).

If you suspect your vehicle has been removed or relocated please call Trace on 0207 747 47 47.

For more information about when the works are planned to take place please contact:
consultparking@hackney.gov.uk
