2 blocks of 6 flats built in similar style to Nos 2-32 even but simpler. Mid-late C19, symmetrical blocks of 3 storeys, 10 windows, the 3rd and 7th being full height canted bays with cast iron guards to 1st floor wide cills, whose long paired brackets form panels below. Yellow brick with stucco dressings, including frieze, cornice on paired brackets and shouldered window lintels with inner moulding. Plain sash windows. Half-glazed doors with tall fanlights, both having sidelights, in quasi-classical surrounds. Paired central doors, in similar surrounds but without sidelights, at 1st floor level up full flights of steps. Group value.

Nos 2 to 56 (even) together with the forecourt walls to Nos 2 to 56 (even) form a group with Nos 24 to 54 (even) Manor Road.
