1848 by W Railton. Nave and aisles, square south-west tower of 3 stages with stone spire. Coursed rubble with freestone dressings and high pitched slated roof. C 3 style with lancets including a stepped group of 3 at west end, partly blocked, and paired lancets in clerestory and aisles. 4-bay nave with high arcade on octagonal piers and arch-braced roof. West organ gallery. Vaulted sanctuary. Pleasant iron rails flanking chancel. Late C17 carved pulpit from the Church of St Mary Somerset, upper Thames Street, now demolished. Good wrought iron gates to baptistery in base of tower.
