2.  
Mid-late C19 gothic building of 1 storey 5 bays divided by buttresses. Nos 1, 3 and 5 under tall gables, breaking eaves. High pitched slated roof. Stock brick and stone, including gable copings, key and impost blocks (the latter stretched to form gable kneelers) to windows one, 3 and 5 whose shallow pointed brick arches hold 3 wood-framed cusped lancets each. Right gable has cusped round window, with trefoils in spandrels, above doorway with similar arch. Square-headed windows in intermediate bays.
