2.
Large late C19 building. Main west front has central 2-storey gabled bay, with large wheel window and twin-arched entrance below, flanked by 4-storey towers with tall mansards. Red brick with dressings of stone and of blue and grey brick. Slated roofs in varying patterns. Style of neo-Romanesque character with round headed windows in pairs or rows with impost bands. Foliage capitals to shafts flanking entrance. Hoodmoulds to all windows. Wide band of tile decoration below gable coping. Wrought iron finials to all roof angles, and lamp-holders of cast iron flanking doorway. 2-storey 5-bay left return to Downs Road, leading to north front of Sunday School section, similar style but with pierced parapet. Sunday school of 2 storeys with gable end. 5 linked 1st floor windows with ornamental iron glazing bars; and central entrance.
