GV

2.
Formerly Blockmaker's Arms Public House. Early-mid C19 building of 3 storeys, 3 windows. Stucco with entablature and parapet. Sash windows with glazing bars on 2nd floor, long casements in moulded architraves on 1st floor giving on to balcony formed by projecting public house front with pilasters and entablature, wide windows with glazing bars and ornamental cast iron top railing.

Nos 107 to 133 (odd) form a group with Nos 85 to 105 with their forecourt railings, which are of local interest.
