

## New event spaces in Hackney Wick and Fish Island

**There has been investment in the public realm in Hackney Wick. Four new and refurbished spaces are now ready for formal and informal events.**

### Street Interrupted — Prince Edward Road

The street re-purposed as a public space is pedestrianised. A low platform can be used as informal seating or a stage, Public street furniture includes a 2 metre long table which seats 8.

### Wick Green

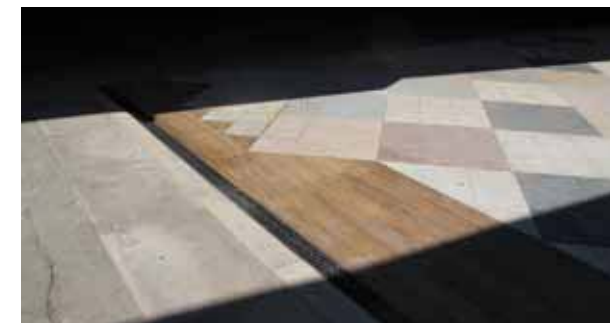

The investment in Wick Green has expanded the open grass area but also created a new timber “stage” with a platform, which can be used for informal seating around it.

Projects funded by London Legacy Development Corporation (LLDC) and supported by the London Borough of Hackney.

## The Eastway and Mabley Green

Two underpasses have been refurbished adjacent to open spaces, Mabley Green and the towpath. They provide sheltered space for up to 200 people.

Eastway:

A partially sheltered stage with power and drainage Adjacent to the towpath with a great deal of “passing trade” the site was a successful location for the ‘folly for a flyover’ in 2011. Note power and drainage available from late 2012.

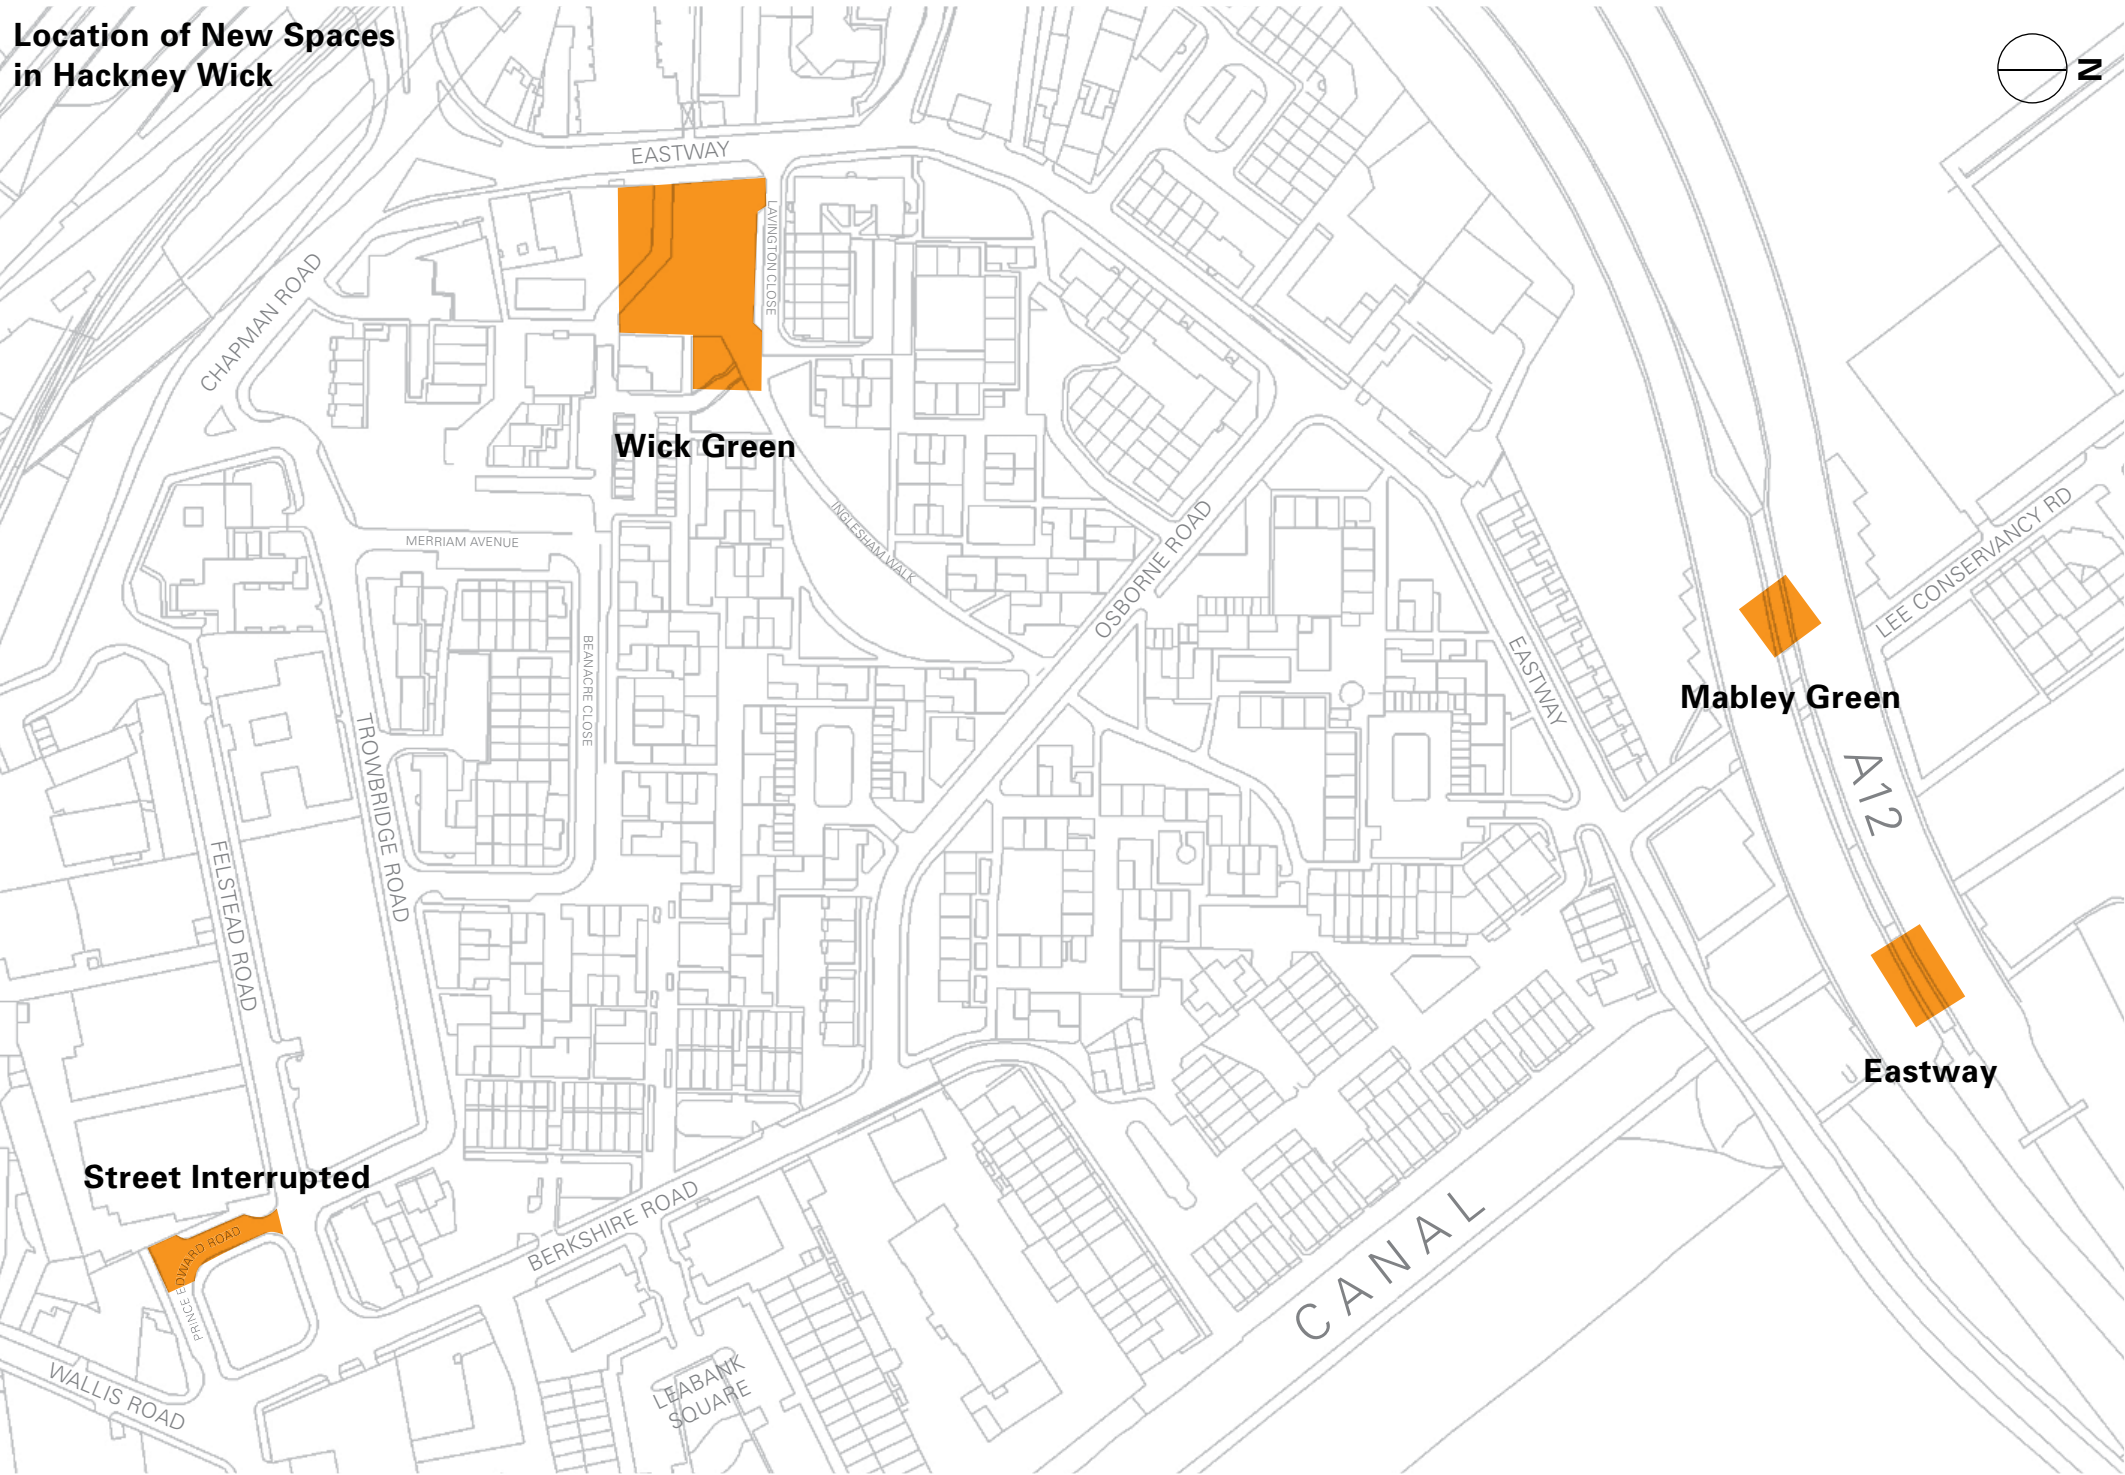

Mabley Green:

A decorative dance floor and lighting make this a perfect site for both day and evening events. Its location and scale ensures that activities based in the park do not need to be cancelled if it rains.
