Dear Natalie

Further to the Mayor’s response to Hackney’s Local Plan consultation dated 07 January 2019, I would like to add that the Mayor supports the delivery of the Bartrip Street South site within the London Legacy Development Corporation (LLDC) area in order to deliver gypsy and traveller pitches to contribute to meeting the needs of both the LLDC and Hackney. This is reflected in the Mayor’s response to the LLDC’s Local Plan consultation where the site is allocated (Site SA1.7) for the provision of gypsy and traveller pitches.

The Mayor encourages both Hackney and the LLDC to continue to work with Transport of London to deliver the site for gypsy and traveller pitches.

The Mayor generally supports Hackney’s proactive draft Local Plan and his officers are happy to work with Hackney during the Examination of its Local Plan.

Thanks

Celeste
